

semi-frameless

Sometimes it's the little things you don't notice which turns the ordinary into the extraordinary.

Like the clever yet simple features of a semi-frameless shower screen from Monaro

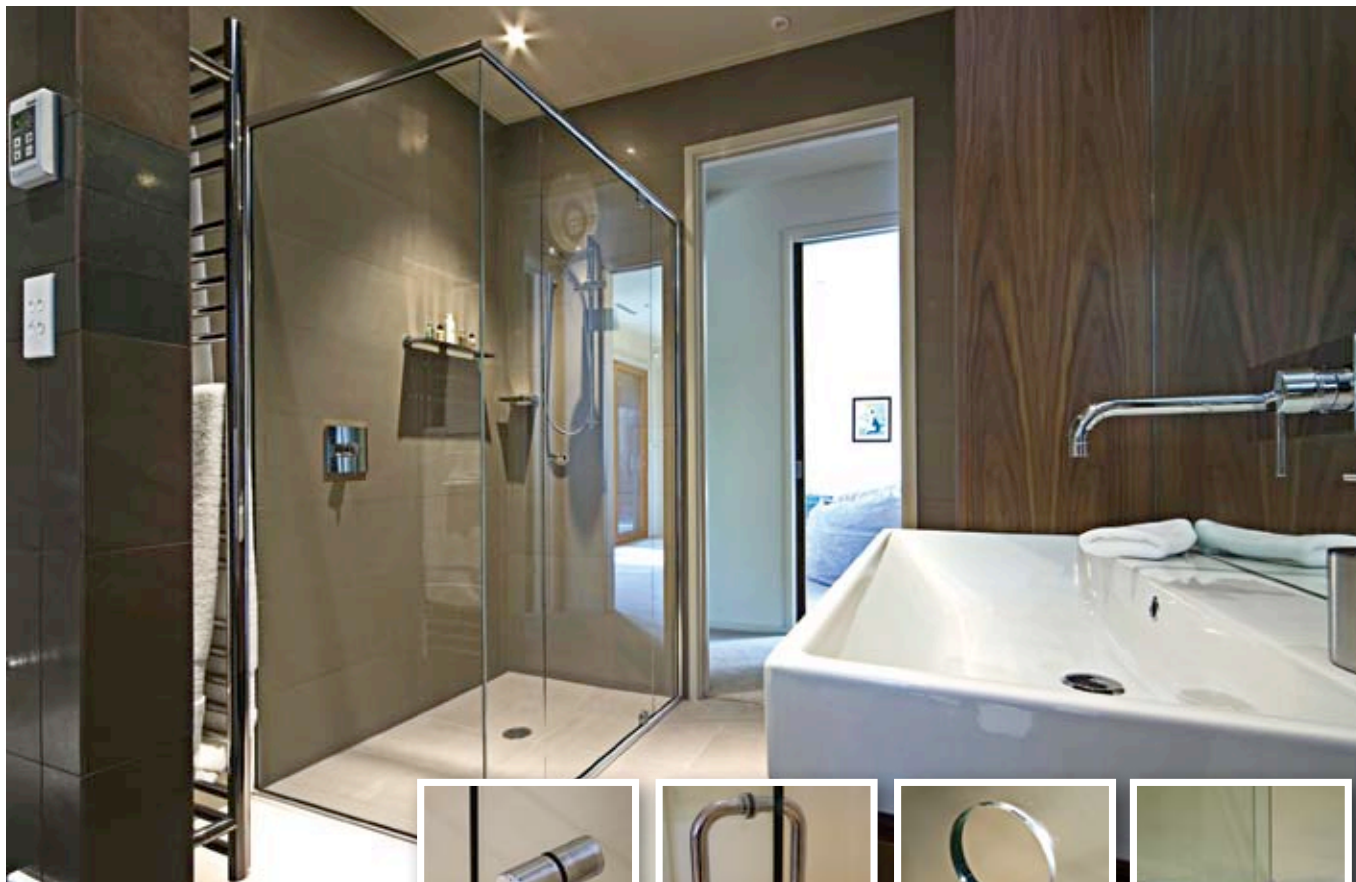

Innovations such as pivoting doors that deliver a smooth and reliable two way operation with the added advantage of a "hold open" mechanism.

This same self-centering assembly ensures accurate alignment when the door is closed which delivers the luxury look of smooth sight lines.

This same style and practicality has been carried through to the gently rounded low profile frame.

And to compliment your individual style, each semi-frameless shower screen from Monaro is available in a range of colours and durable aluminium finishes.

Now's the time to experience your new screen from Monaro.

A variety of handle shapes and colours are available.

Far right; Our unique drip guard at the base of the doors ensures run-off stays within the shower.

frameless

When you want the ultimate in contemporary shower screen design, then you're ready for a frameless shower screen from Monaro.

Frameless shower screens make smaller bathrooms and ensuites appear larger as the smooth transparent lines of the glass become part of the room itself.

And a frameless screen is not only elegant but practical with simple lines and easy clean panels and doors.

Every screen is made to measure using toughened glass with a wide range of finishes available from crystal clear to subtle tints including the bold statement of Slump glass.

When you don't want to compromise on luxury, then it's time to choose a frameless shower screen from Monaro.

bath screens

**Gone are the days
when limited spaces meant
compromising on design or
efficiency.**

With today's home becoming more compact, creative planning is needed to ensure you enjoy the best of both worlds in the smaller bathroom.

This is when you need the design experience of Monaro Screens. We will ensure you maintain that clean open look while enjoying all the practical aspects a glass screen will bring.

This becomes even more self evident in smaller areas with integrated baths and showers.

An individually manufactured screen from Monaro will blend seamlessly into your new bathroom or en-suite, in either frame-less or framed designs.

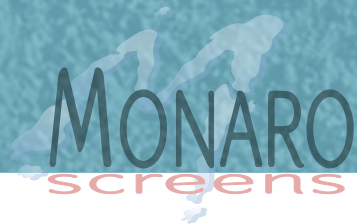

At Monaro we integrate practical solutions with elegance and fashion.

(A) Screens can be cut to fit existing fixtures.

(B) Glass edges are polished to a smooth safe finish.

(C) Panels can be hinged using a variety of sizes and finishes.

(D) Our unique drip guard at the base of the doors ensures run-off stays within the shower.

framed screens

The classics never date.

So if you want the latest in shower design, yet still retain the good looks and functionality of a classic screen, then you're ready for a fully framed model from Monaro Screens.

Today's newer and slimmer designs along with the latest in pivot doors, will be the classics of tomorrow.

All screens are made to measure and feature wider openings than traditional sliding doors.

The clean uninterrupted spans of glass combined with our modern slimline frame, delivers a less obtrusive enclosure, especially in smaller bathrooms.

The pivot doors operate smoothly on double stainless steel pins with no moving parts.

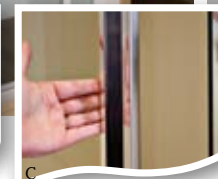

Our modern designs are easy to clean with magnetic seals and full length handles.

(A) Strong silent pivot action.

(B) Water channels on doors ensure run-off stays within the shower enclosure.

(C) Full length door handles.

(D) Magnetic closing with "Captive Magnet".

monaro mirrors

A mirror from Monaro is only limited by your imagination.

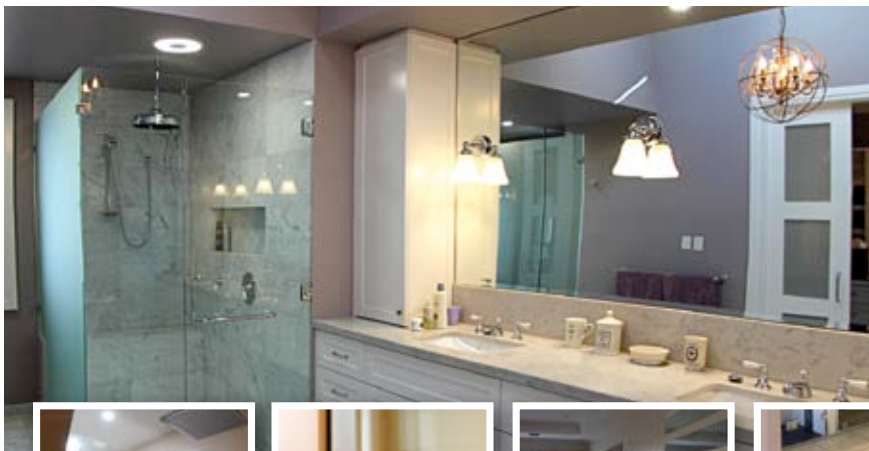

Mirrors add light and space to your home from the dramatic to the subtle.

All our mirrors are made to your specifications and we can assist in finding the right shape or size to suit your taste. From floor-to-ceiling to the smallest variety, no size is too big or small for Monaro.

A range of decorator edges include bevelled, polished or sandblasted and our custom framing means there is a style to suit every room.

All mirrors feature long life heavy duty silver backing that is designed for bathrooms, en-suites and other areas of temperature and moisture extremes.

When it is time to bring out the beauty of a room or just transform the plain into the extraordinary, there is a Monaro mirror for you.

wardrobe doors

Your new look bedroom is now available at Monaro Screens.

When you've had enough of unsightly shelves and unruly clothes, call us and we'll tailor a wardrobe door solution that will match any decor.

Individually designed, all our doors feature slim softly rounded aluminium frames with a variety of finishes including coloured glass, melamine or elegant floor to ceiling mirrors.

All doors glide with a minimum of effort on concealed rollers that are virtually silent and easily adjustable ensuring they work faultlessly for years to come.

A flat bottom sill profile makes the frames less obtrusive and are particularly suitable for walk-in robes.

glass splashbacks

A glass splashback will not only beautify your kitchen, but provides a practical and inexpensive solution which is easy to clean and maintain.

Say goodbye forever to scrubbing messy grouting and tiles, when you install a glass splashback from Monaro.

Available in a virtually unlimited range of colours, our toughened glass splashbacks will refresh and revitalise any kitchen, new or old.

We custom measure and cut to fit for any size kitchen, laundry or bathroom and once installed, you'll wonder how you ever lived without the ease and good looks of a glass splashback.

Wall fittings such as power and light switches are all seamlessly fitted into each design.

Made from the highest quality ultra clear toughened glass, a Monaro splashback is the perfect kitchen solution.

“When you want the ultimate in home protection, demand Crimsafe.

Crimsafe is more than just patented security doors and windows - it is a complete protection system combined with modern stylish design.

With no unsightly bars and grilles, the protective stainless steel mesh far exceeds Australian security door and window standards.

Crimsafe's tamper-resistant stainless steel screw clamps “bites” onto the mesh with a vice-like grip to prevent it being pulled from the frame.

Security windows offer peace of mind knowing that in an emergency you can get out fast, thanks to the one-touch “safe-s-cape” system.

Doors feature three-point locking with triple hinges to resist the toughest attempts to gain entry.

When you're not prepared to compromise on safety, Monaro Screens and Crimsafe are the solution.

Below, security door with standard diamond grille screen and right, replacement Crimsafe door

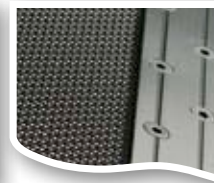

(A) Crimsafe mesh resists ember attack and reduces radiant heat flux and naked flame by up to 45%.

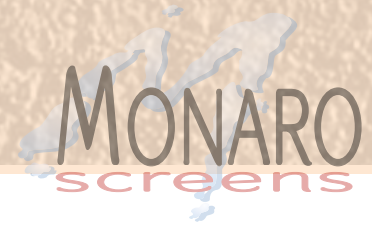

(B) Crimsafe window frames are fixed using patented screws with a driver tool that cannot be purchased.

(C) Commercial grade frame fixing.

(D) Registered driver tool & screws.
